

JESSE BECKER

Ashland, KY • jesserobertbecker@gmail.com • 978-621-2223

PROFESSIONAL SUMMARY

Learning and Development professional with expertise in program management, learning systems administration, and instructor-led facilitation. Skilled in designing and delivering new-hire, upskilling, and soft-skills programs across multiple global clients. Experienced in managing enterprise learning and knowledge platforms (LearnUpon, KnowledgeOwl, Talkdesk Copilot) and producing branded digital training materials using the Adobe Creative Suite. Proven success leading trainer teams, developing learning infrastructure, and improving performance through technology-enabled training and coaching.

CORE COMPETENCIES

Learning Systems Administration (LMS/KMS) • Instructor-Led & Virtual Training • Knowledge Management • Instructional & Multimedia Design • HTML, CSS, JavaScript • Power Automate & SharePoint Workflows • Program & Trainer Management • SOP Creation • Adobe Creative Suite (Premiere Pro, After Effects, Photoshop, Audition) • Process Improvement • Cross-Functional Collaboration • Analytics & Surveys • Change Management

PROFESSIONAL EXPERIENCE

14West / The Contact Center (TCC) | Trainer, Learning & Development Team

Baltimore, MD / Remote | October 2020 – Present

Training Design & Facilitation

Deliver new-hire, upskilling, and soft-skills training for multiple publishing clients, including retention, customer experience, and communication programs. Conduct live and virtual onboarding for agents and managers across U.S., Ireland, and Philippines operations. Lead client and internal onboarding for Talkdesk, ensuring teams understand system features, call handling workflows, and reporting tools. Coach and support agents through early call-taking, focusing on confidence, compliance, and quality improvement. Maintain consistent learner satisfaction ratings above 4.5/5 and over 90% first-time certification pass rates.

Learning Systems & Knowledge Management

Administer enterprise LMS (LearnUpon) and KMS (KnowledgeOwl, Talkdesk Copilot) including user management, course builds, and performance reporting. Develop and maintain online learning modules, certification paths, and interactive knowledge base tools. Led integration of KnowledgeOwl content into Talkdesk's AI-driven Copilot, building tagging, intent, and metadata structures to improve search results. Created decision-tree tools and call flows using HTML, CSS,

and JavaScript to enhance self-service training. Built SharePoint onboarding hubs and Power Automate workflows to streamline trainer coordination and progress tracking.

Instructional & Creative Development

Designed branded video and e-learning assets using Adobe Premiere Pro, After Effects, Photoshop, and Audition. Created consistent visual branding for L&D content, including video intros/outros and cross-program design standards. Produced multimedia learning materials used in company-wide onboarding and client training sessions.

Program Leadership & Continuous Improvement

Oversee scheduling and development of three trainers across six client programs. Designed onboarding plans, trainer scorecards, and mentoring structures for new training staff. Introduced quarterly pulse surveys to evaluate employee engagement and training needs. Partnered with QA and Operations to align learning strategy with performance metrics and retention goals. Created and transitioned company-wide recertification programs, including SOP development and documentation management.

Caraluzzi's Market | Front End Assistant Manager

Newtown, CT | August 2018 – July 2020

Supervised a 40-person front-end team and managed new-hire onboarding and service training. Oversaw cash handling, scheduling, and operational compliance for all shifts.

Earlier Career

- Panera Bread – Associate Trainer and Catering Coordinator | 2015–2017
- Hampton Inn by Hilton – Seasonal Guest Services Agent | 2017
- Hillary for America – Summer Fellow | 2016
